EDUCATION

The Oxford College Of Science - Bengaluru

Master Of Computer Applications

December 2024 - Present

The Oxford College of Science - Bengaluru

Bachelor Of Computer Applications - CGPA : 8.17

September 2020 - August 2023

SKILL SUMMARY

- **Languages** : Python, Java, C, SQL, Javascript
- **Frameworks** : NextJS, NodeJS, ReactJS, ControlNet
- **Tools** : Excel, Docker, Git, Firebase, Appwrite, VirtualBox, Github, Wireshark
- **Soft Skills** : Adaptability, Creative Thinking, Attention to Detail, Team Work

PROJECTS

Patient Record Management Platform - [Link](#)

February 2025 - June 2025

(NodeJS, NextJS, TypeScript, ShadCN, Appwrite, Twilio)

- Developed a **full-stack** Patient Record Management System using Next.js and Node.js, enabling **real-time access to medical records** with a **clean, modern UI** via ShadCN components.
- Implemented **secure authentication and role-based access** control using Appwrite, ensuring **data privacy** for patients and authorized healthcare professionals.
- Integrated Twilio API to enable **instant messaging** and **appointment notifications**, improving communication between patients and providers.
- Utilized Appwrite's database for **scalable, cloud-based storage** of patient records with efficient CRUD operations and audit logs.

Online Examination System

March 2023 - August 2023

(PHP, Laravel, Javascript, MySQL)

- Developed a secure Online Examination System using PHP (Laravel) and MySQL, featuring **role-based dashboards** for students and administrators, with functionalities like exam creation, timed assessments, **auto-grading, and result management**.
- Implemented robust **authentication and session handling**, ensuring data integrity and exam security while delivering a user-friendly experience for both test-takers and administration.

CERTIFICATIONS

Deloitte Cyber Job Simulation

- Completed a job simulation involving reading web activity logs
- Supported a client in a cyber security breach
- Answered questions to identify suspicious user activity

Tata CyberSecurity Analyst Job Simulation

- Completed an IAM job simulation with Tata Consultancy Services in collaboration with a Cybersecurity Consulting team.
- Gained hands-on experience in IAM principles and cybersecurity best practices aligned with business goals.
- Delivered clear technical documentation and presentations.
